Since 1989 he has established himself as one of the pre-eminent trail designers in the world and has worked for ski areas and schools such as Trapp Family Lodge, Rikert, Jackson (NH) and Dartmouth.

John will share his experiences as an elite-level biathlete and coach, offer his thoughts on the different aspects of Nordic skiing from touring to racing and illustrate state-of-the-art trail design principles and projects. Young, old, novice, and expert skiers alike will glean insights from his talk. Come with questions; he looks forward to engaging with the audience.
